US129 Public Access to the Wainuiomata and Orongorongo Water Supply Catchments

Report 00.412

File: B/20/1/1

Resolved

(Cr McQueen/Cr Shaw)

That the restricted opening of the Wainuiomata and Orongorongo water supply catchments be approved in principle, and the Committee invites Water Group Officers to prepare a detailed proposal including the following Principles proposed by Cr McQueen, as amended:

Principles

- *Access to the catchment should be managed, in order to protect water quality and public health.*
- *Areas of the catchment above the intakes should be off limits to visitors at all times.*
- *All entry to the catchment should be by permit that will include a trip plan.*
- *Overnight stays for camping is not allowed.*
- *The existing unofficial access should be acknowledged as a potential risk, and reasonable steps taken to reduce this access to a minimum.*

- *A WRC staff member or an approved guide should accompany Open Day groups.*

- *The proposal may be for an initial schedule of one (weekend) day a month for Open Days.*
- *Individuals or groups wishing to undertake scientific study may be approved in terms of benefit to the catchment (e.g. greater botanical knowledge or for general scientific research).*
- *Police search and rescue exercises may be approved if requested but they will be encouraged to use other areas outside the catchment.*
- *Shooting of animals may be allowed on a permit/managed basis, recognising that culling is an important part of catchment management. Recreational shooting will not be allowed.*
- *Access may be allowed for an approved concessionaire in favour of a specific agreement as to area, route and maximum size of party.*
- *These guidelines will be monitored and reviewed annually to assess benefits/disbenefits and possible changes.*
