SURVEY

Titahi Bay Bus Route 2

Wellington Regional Council
October 2000

The Wellington Regional Council has been asked by Porirua City Councillor Bud Lavery to investigate the possibility of including the top of Pikarere Street in the number 2 bus route.

The Porirua City Council has plans to build a facility for buses to turn around at the end of Pikarere Street.

The purpose of the survey is to find out what you think of the following options which would enable Route 2 to include Pikarere Street:

The two options we are looking at are:

1. Include the **top of Pikarere Street in the existing Route 2**, meaning that all passengers between View Road and the terminus at Richard Street would have an extra 800 metres and 3-4 minutes added to their journey.

The existing route and stops are shown on the map overleaf.

2. Change the route so that the **top of Pikarere Street is the terminus** instead of Richard Street (which would then only be served by Route 1).

This option is shown on the map overleaf.

This change would have the following effects on existing passengers:

Pikarere Street and **Hiwi Crescent** passengers would have a longer route to town than at present, but those living in the newer part of Pikarere Street (and in Moki Street, Mako View and Tikati View) wouldn't have so far to walk to the bus stop.

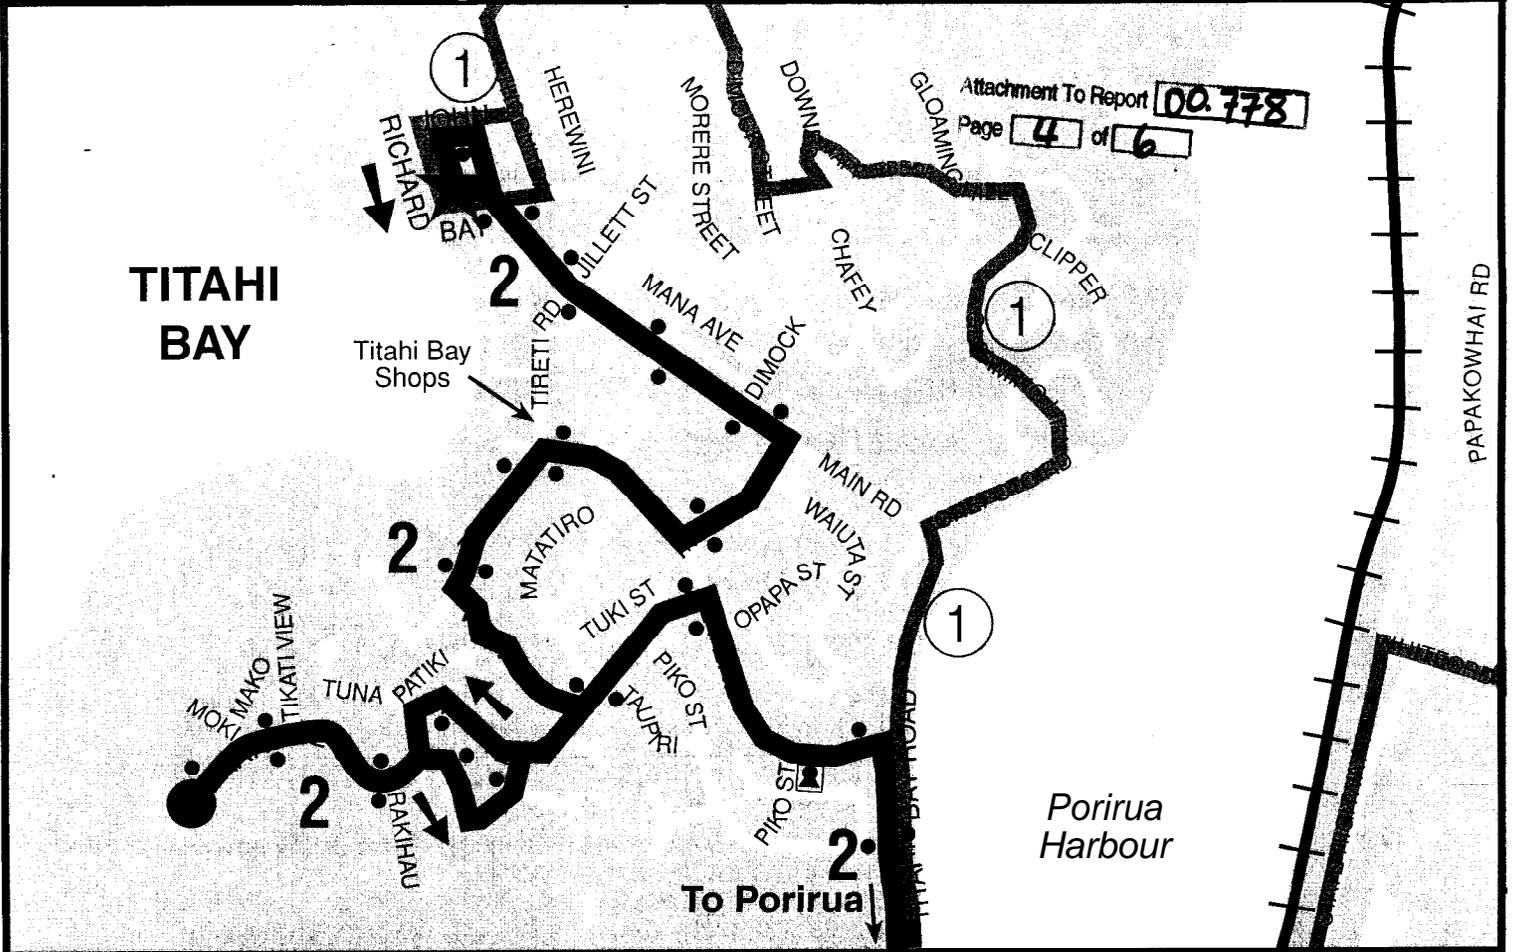

View Road and **Tireti Road** passengers would have a different route to town (they would wait for the bus on the opposite side of the road), but it would be roughly the same in terms of time and distance.

Main Road and **Kura Street** passengers would have a much quicker and more direct route than currently.

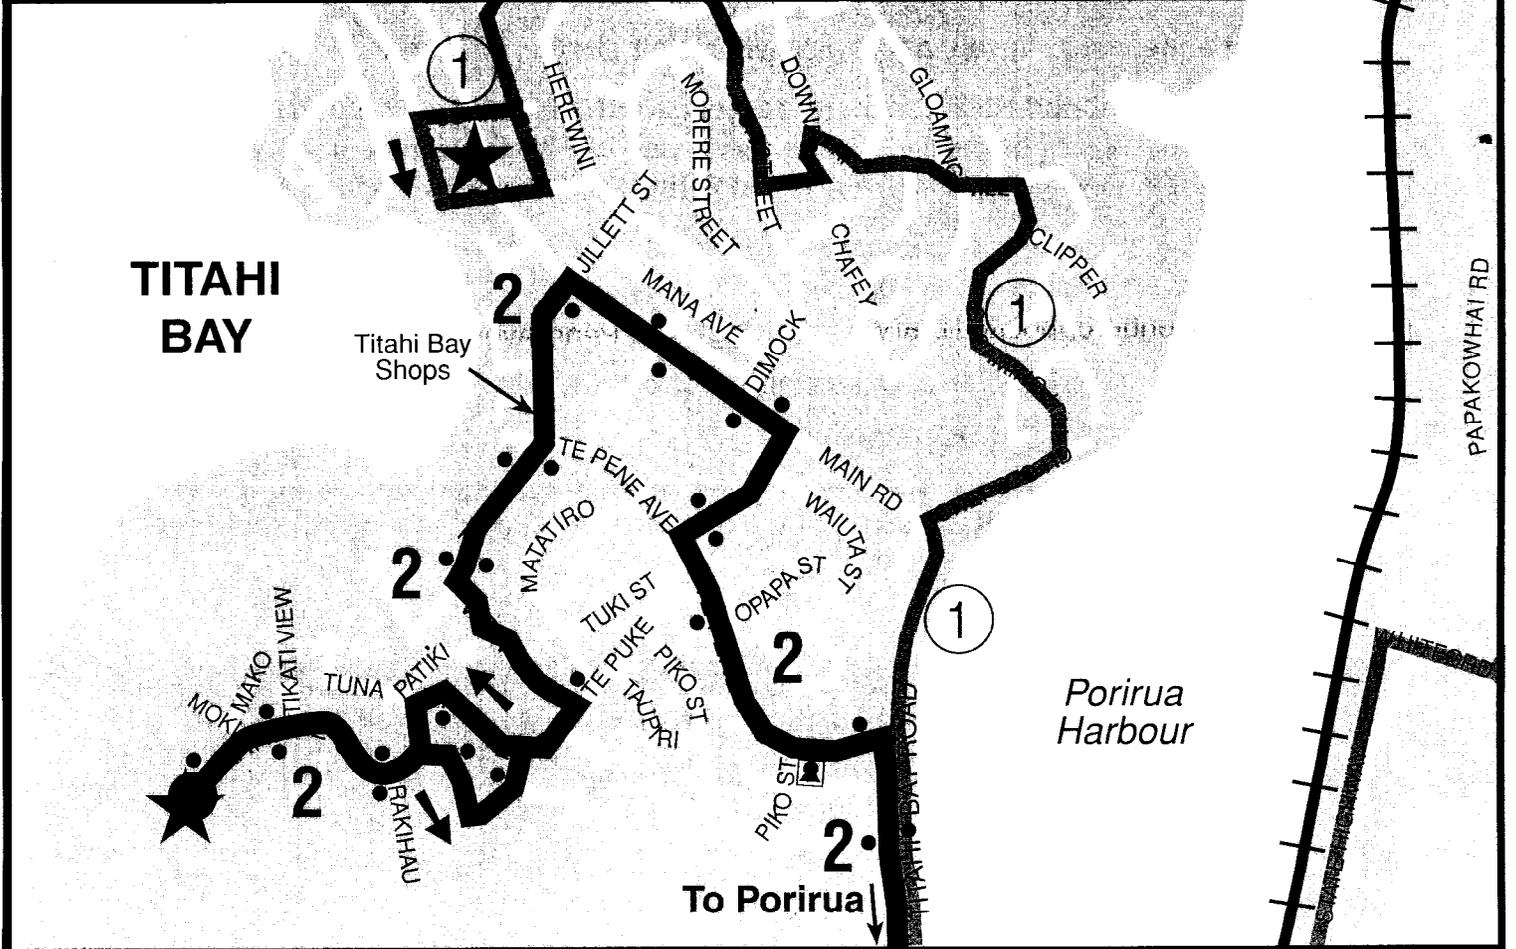

People currently using the stops in **Te Puke Street** and the beach end of **Te Pene Avenue** would use other stops nearby – for some passengers the walking distance would be less, for others slightly more.

**Return the attached questionnaire to the Regional Council
by 18 October 2000
and your name will go in the draw to win \$50 worth of bus travel
loaded on to your Mana Coach Services smartcard.
If you don't already have one,
the prize will be a smartcard with \$40 worth of travel.**

OPTION 1: Existing route extended to top of Pikarere Street

OPTION 2: Proposed new route

WRC Route 2 Questionnaire, October 2000.

We would like to hear your views on these proposals - your answers to the attached questions will be useful to us.

1. How often do you use the Titahi Bay Route 2 bus?

- PLEASE TICK ONE BOX ONLY
- Usually 5 or more days a week.
 - Usually 3-4 days a week.
 - Usually 1-2 days a week.
 - Only occasionally (less than once a week).
 - I don't use the bus.
