Report to the Regional Land Transport Committee  
By Tony Brennand, Manager Transport Policy

## **Hutt Corridor Study**

### **1. Purpose**

To report to the Committee information regarding the Hutt Corridor Study.

### **2. Background**

The Hutt Corridor Study is the second of a series of corridor studies proposed to be undertaken. It had been previously intended to present the results of this study to the Committee at this meeting.

### **3. Comment**

Results of analysis of the Hutt Corridor will not be presented at this meeting. This is due to officers not being comfortable with the quality of the work performed by its consultants in this project. This will require some reworking of the analysis and a consequential delay to the programme for this corridor study.

The Hutt Corridor Study technical group will meet and revise its programme and report this to the Committee at its next meeting.

### **4. Recommendation**

*That this report be received.*
