

RLTC Action Advocacy Subcommittee
At WRC 8:00 am on Friday 31 May 2002

Present: Cr McDavitt, Cr Hutchings, Mr Bognuda, Tony Brennand

1. Plan of Action

Discussions with Transfund have indicated that the priority state highway projects have now gained more weight with Transfund. However, further lobbying is required. A letter will be sent to the Minister and to the Transfund Board. The letter will be aligned to Government's priorities, ie congestion with photographs for mid June 2002. A copy of this letter will be tabled at the meeting of the regional MPs. Members of this Advocacy group will be invited to the meeting of the regional MPs.
