File Reference	Name1	Purpose Description	Site Description	Activity Type
WGN020116	Hutt City Council	To reclaim a section of Awamutu Stream as a result of diversion works.	Between Awamutu Grove and Leighton Avenue, Lower Hutt.	Reclamation
WGN020116	Hutt City Council	To divert a section of Awamutu Stream for the purpose of improving stream flow and maintenance.	Between Awamutu Grove and Leighton Avenue, Lower Hutt.	River/Stream Diversion
WGN020116	Hutt City Council	To construct, use and maintain timber retaining walls in Awamutu Stream and to undertake associated disturbance of the stream bed.	Between Awamutu Grove and Leighton Avenue, Lower Hutt.	Stream Work
WGN030012	Capital Projects Limited	To construct and maintain a storm water outlet into the Waiwhetu Stream, and to place and maintain rock rip-rap.	Bell Road, Lower Hutt.	Outfall/Intake Structure
WGN030026	Shell New Zealand Limited	To drill 6 bores and carry out up to 16 cone penetration tests.	Seaview Road, Seaview.	Bore
WGN030033	Wellington Regional Council	To discharge contaminated water from a wheel wash facility to land where it will enter George Creek.	Wainuiomata Water Catchment.	Industrial Waste Discharge
WGN030062	David Innes	To place, use and maintain rock rip rap in the bed of Wainuiomata Stream for erosion protection purposes.	Immediately upstream of bridge on driveway, on true left bank of Wainuiomata Stream.	Structure: Hazard Mitigation
WGN030064	URS New Zealand Ltd	To drill five bores for investigation purposes	Vivian Street, Wellington.	Bore
WGN030065	Construction Techniques Ltd	To discharge dust from sandblasting to the coastal marine area in association with maintenance works at Seaview Wharf, Lower Hutt.	Seaview Wharf, Point Howard, Lower Hutt	Industrial Waste Discharge
WGN030067	Bellevue Lands Limited	To discharge the runoff from bulk earthworks onto land in a manner that may enter the Wellington Harbour.	Bellevue Estates at 51 and 53 Tamworth Crescent, Newlands.	Stormwater Discharge
WGN030068	Ngatoto Investments Ltd	To pipe an unnamed stream for the purposes of residential development, and to undertake associated disturbance of that streambed.	Ngatoto Street, Ngaio, Wellington.	Structure: General
WGN030069	Ngatotara Farms Ltd	To construct a bore.	Ngatotara Farm Waironogomai Road, Otaki.	Bore

File Reference	Name1	Purpose Description	Site Description	Activity Type
WGN030071	Miss J Schumacher	To construct a bore.	Hastings Street, Waikanae.	Bore
WGN030073	Horokiwi Quarries Limited	To reclaim and pipe section of the Horokiwi Stream.	Horokiwi Stream adjacent to the Quarry's crushing plant.	Structure: General
WGN030074	Wellington Regional Council	To place a concrete slab, rip-rap, rock weir, gabion basket in, and regrade a section of an unnamed tributary and associated disturbance of streambed.	Rimutaka Incline track ford.	Structure: General
WGN030074	Wellington Regional Council	To temporarily divert the full flow of the stream during construction works.	In bed of tributary of Pakuratahi river from the Rimutaka Incline.	River/Stream Diversion
WGN030075	Juno Civil Ltd	To drive heavy vehicles across Dolly Varden Beach, Pauatahanui Inlet, associated with Paremata Bridge Duplication Project.	Mana Esplanade Dolly Varden Beach to Paremata Bridge, State Highway 1, Paremata.	Coastal Work/Disturbance
WGN030077	Hugh Stanley	To construct a bore for domestic irrigation and to maintain supply to a water feature/fountain.	Paetawa Road, Peka Peka, Waikanae.	Bore
WGN030081	Wellington City Council	To extract gravel from Kaiwharawhara Stream for flood protection purposes.	Ngaio Gorge Road, Wellington.	Stream Work
WGN030082	Porirua City Council	To place and maintain a floating platform over the bed of Whitby Lower Lake.	Discovery Drive, Whitby, Porirua.	Structure: General
WGN030084	Upper Hutt Developments Ltd	To extend two culverts and place rip-rap in the beds of two unnamed tributaries of the Hutt River.	Kirton Drive, just south of Ormond Grove.	Structure: Hazard Mitigation
WGN030084	Upper Hutt Developments Ltd	To discharge contaminated water from a new subdivision to land where it may enter water.	New subdivision, east of Kirton Drive, south of Ormond Drive.	Stormwater Discharge
WGN030085	Transpower New Zealand Ltd	To operate a diesel standby electricity generator.	The Terrace, Wellington.	Discharge To Air
WGN030086	Martin Robins	To drill a bore for domestic irrigation.	Milne Drive, Paraparaumu.	Bore
WGN030088	Whitby Coastal Estates	To place a culvert extension and to retrospectively authorise another section of culvert and also associated works including outlet structure(s).	Navigation Drive, south-east Whitby.	Structure: General
WGN030088	Whitby Coastal Estates	To divert the stream flow from the bed of an unnamed tributary, through sections of a culvert and to return flow to that same stream.	Navigation Drive, south-east Whitby.	River/Stream Diversion

File Reference	Name1	Purpose Description	Site Description	Activity Type
WGN030089	Transit New Zealand	To construct 13 bores for the purpose of carrying out a geotechnical investigation.	Dowse Drive intersection, Korokoro intersection, Koro Crescent and Cornish Street.	Bore
WGN030090	K J Cresswell	To drill a bore.	Manly Street, Paraparaumu	Bore
WGN030093	Hutt City Council	To place use and maintain a 22 metre box culvert and to place a concrete duct under and disturb the bed of the Awamutu Stream.	Awamutu Stream, Lower Hutt	Structure: General
WGN030093	Hutt City Council	To temporarily dam and divert a section of the Awamutu Stream.	Awamutu Stream, Lower Hutt	River/Stream Diversion
WGN030095	Keith Ratcliffe	To construct a bore for domestic use.	Weggery Drive, Waikanae.	Bore
WGN030096	Upper Hutt City Council	To protect Bulls Run Road from erosion caused by stream flow.	Bulls Run Road, Upper Hutt.	Structure: Hazard Mitigation
WGN030097	Wellington Regional Council	To place a watermain pipe under the bed of Awamutu Stream.	Beside the Hutt Park Roundabout.	Pipeline/Cable
WGN030098	Rick Goodman & Sons Ltd	To reclaim the spring at the bottom of the gully, to place an earth bund in an ephemeral stream, and associated disturbance of streambed.	Ephemeral tributary of the Kaitoke Stream, Upper Hutt.	Stream Work
WGN030098	Rick Goodman & Sons Ltd	To discharge contaminants, such as fine clay, rock and soil: to land in a manner that may enter a waterway, and to water.	Ephemeral tributary of the Kaitoke Stream, Upper Hutt.	Comprehensive Stormwater Discharge
WGN030103	Higgins Contractors(Wgtn) Limited	To abstract up to 40,000 litres per hour of water from the Hutt River for the purposes of dust suppression.	Te Marua water treatment plant site, Hutt River.	Take
WGN030105	Foodstuffs (Wellington) Cooperative	To construct 2 bores for geotechnical investigation.	Kiln Street, Upper Hutt.	Bore
WGN030108	Selwyn Feary	To disturb the bed of Mahers Stream for the purposes of constructing an ornamental pond alongside the stream.	Alongside Mahers Stream near Colletts Road, Upper Hutt.	Stream Work
WGN030108	Selwyn Feary	To construct a concrete ford in the bed of Mahers Stream and to undertake the associated disturbance of the bed of the stream.	Alongside Mahers Stream near Colletts Road, Upper Hutt.	Structure: General
WGN030108	Selwyn Feary	To divert water from Mahers Stream into an ornamental pond alongside the stream.	Alongside Mahers Stream near Colletts Road, Upper Hutt.	River/Stream Diversion

File Reference	Name1	Purpose Description	Site Description	Activity Type
WGN030109	Whitby Coastal Estates	To discharge the runoff from bulk earthworks onto land in a manner that may enter the Pauatahanui Stream.	Navigation Drive between Endeavour Drive and Botany Lane, Whitby.	Stormwater Discharge
WGN030110	Carrus Limited	To discharge contaminants (including sediment and other local material) to land where it may enter water.	Stage One of the Aotea Block Subdivision surrounding the Watermain.	Stormwater Discharge
WGN030110	Carrus Limited	To reclaim two sections of an unnamed ephemeral stream in association with earthworks from the watermain.	Stage One of the Aotea Block Subdivision surrounding the Watermain.	Reclamation
WGN030111	Transit New Zealand	To construct three bores for the purpose of undertaking a geotechnical investigation.	Petone Railway Station carpark.	Bore
WGN030112	Garth Harrison	To drill a bore for domestic use.	Rutherford Drive, Waikanae.	Bore
WGN030113	Wellington City Council	To place, use and maintain an inlet structure in the bed of an intermittently flowing watercourse, and associated disturbance watercourse bed.	Bank Road, Northland, Wellington.	Outfall/Intake Structure
WGN030113	Wellington City Council	To permanently divert the flow of an intermittently flowing watercourse.	Bank Road, Northland, Wellington.	River/Stream Diversion
WGN030114	Wellington Regional Council	To relocate boulders, to place, use and maintain scour protection and to undertake associated disturbance of the bed of the river.	Adjacent to the existing intake weir on the Orongorongo River.	Stream Work
WGN030116	Wellington Regional Council	To install a scour valve and associated wingwall structure to allow the Gear Island bores to be flushed on a weekly basis.	Adjacent to Gear Island well field, Petone.	Outfall/Intake Structure
WGN030118	Geoff and Robyn Cotton	To construct a bore.	Langdale Avenue, Paraparaumu.	Bore
WGN030120	Stephen Clarke	To place, use and maintain a pipe culvert for access purposes in the bed of an unnamed tributary, and associated disturbance of tributary bed.	Flightys Road, Paraparaumu.	Structure: General
WGN030127	Jenni and David Bennet	To construct a bore.	736 Makara Road, Wellington.	Bore
WGN970117	Cryovac/Sealed Air (NZ) Limited	To discharge various odours and volatile organic compounds from a Plastic film extrusion and printing process.	Mohuia Crescent, Porirua.	Discharge To Air
