

**An Invitation** from  
Brendon Ward, Chief Executive,  
NZRA, to attend...

# Remarkable Recreation Queenstown 2004!

THE ANNUAL CONFERENCE OF  
THE NEW ZEALAND RECREATION ASSOCIATION

MILLENNIUM HOTEL QUEENSTOWN 22 - 25 AUGUST 2004

**What's it about?** Queenstown - the adventure capital of the world! The leading New Zealand example of commercial recreation and enterprise, requiring top-level safety and recreational risk management. This is an exploration of the conflicts and synergies of the commercial and public recreation sectors.

**Who should attend?** This is **the Major Conference** for those involved at the leading-edge of decision-making in the public and private sectors of national recreation, councillors, local authority managers, community leaders, planners, professionals, recreation specialists and those wishing to be at the forefront in all manner of national recreation issues. **Do not miss this** if you are an industry leader, a health professional, a sports provider, involved in tourism risk-recreation, sports education, youth activities or recreation facilities - **this is for you!**

**What Can be expected?** The very best information, workshops, topical discussions and panel debates including **controversial issues** in high-risk recreation, public foreshore access, the LTCCP, recreational therapy, best practice and ongoing movements in all areas of the recreational sector!

**In addition...** This is your opportunity for crucial networking in an outstanding cross-section of the recreation industry, an opportunity to explore new directions in going forward and a chance to raise unsolved issues in your sector of recreation. Share ideas and gain advice from national leaders and international specialists.

**Whet your appetite** Robin Judkins (SPEIGHTS) Coast-to-Coast) speaking on risk management for public events. Robin will be joined by two American presenters who are leaders in recreation.

**The Bonus... Venue:** Queenstown **Month:** late August, take advantage of what Queenstown has to offer - come early, stay late!

**Value for money...** Flights to Queenstown are comparable with flight costs to any major centre in the country.

**Need to know more?** Visit the NZRA website: [www.nzrecreation.org.nz](http://www.nzrecreation.org.nz)  
or contact the conference organiser Pat Johnston, Phone: [03]477 1377,  
Fax: (031477 2720, Email: [pat@dcms.co.nz](mailto:pat@dcms.co.nz))

**NEW ZEALAND  
RECREATION ASSOCIATION  
ANNUAL CONFERENCE**  
MILLENNIUM HOTEL QUEENSTOWN 22- 25 AUGUST 2004

| 1.00- 1.45   | <b>Lunch</b>  |  |   |  |

# SPEAKERS

## DON BRUNS

Don Bruns is a State Recreation Planner for the Bureau of Land Management's (BLM) Colorado State Office in Lakewood, Colorado

Don's work in the Beneficial Outcomes Approach to Leisure (BOAL) and Benefits-Based Management (BBM) is helping shift agency recreation practice beyond traditional programme facility, and resource system management to more explicitly address the character of public lands recreation settings and the consequent value which recreation-tourism use adds to the lives of recreation participants as well as non-participating but affected local residents, their communities and economies, and the environment itself. Working with Dr B.L. Driver, from the U.S Forest Service and Brian Hopkins from the BLM he helps teach BBM training courses for a variety of audiences including the U.S. Forest Service, the U.S. Army Corps of Engineers and most recently the Natural Resource Management Training Coalition

Don has also provided benefits-based technical assistance to several outside agencies and organisations, including the University of Minnesota and Minnesota DNR, the University of Colorado, Parks Canada, Arizona State Parks, Delaware State Parks and professional recreation organisations

His favourite outdoor recreation pursuits are extended wilderness canoeing and Nordic winter touring.

## DR. SPENSER HAVLICK

Dr. Spenser Havlick is a professor of Architecture and Planning at the University of Colorado where he has served as Dean and Assistant Dean

He was awarded a Fulbright Scholarship to Taiwan in 1990-1991 and has returned there many times to train Taiwan's Environmental Protection Agency staff and carry out his research on natural hazard mitigation. Dr. Havlick has been awarded seven outstanding teaching and service awards.

Dr. Havlick has served on the Boulder City Council since 1982, including Deputy Mayor. He is a strong advocate for progressive transportation planning, wise growth management and increased public participation in governance.

## ROBIN JUDKINS

Robin Judkins is the CEO of Ironman Productions Ltd. Robin created and runs many of the best-known adventure sports in New Zealand including the Fresh-up Iron Man, the Speights Coast to Coast and the Xerox Challenge. He lives in Christchurch with his wife Lorain and their daughters, Lucy and Bonnie.

A manic former alcoholic-turned-event organiser extraordinaire, Judkins first conceived of the race across his country while on a trek across New Zealand's Southern Alps with a few friends. After three years of preparation he staged the first race in 1983. Despite a pleasing turnout of 143 starters Judkins' epic event made a loss and after similar losses in the following two years he was on the brink of bankruptcy. But award-winning television coverage in 1985 saw a massive increase in entries in 1986 and the Coast to Coast became a household name in this outdoor-orientated country.

Today the event is a multi-million dollar operation, but for Judkins the role remains the same. Every year he stands at the finish line to greet every finisher with a can of the sponsor's product. "If I'm going to make 1,000 people race across the country" he says, "then the least I can do is meet them at the finish."

## DR. CLIVE POPE

Dr. Clive Pope is a Senior Lecturer in the Department of Sport & Leisure Studies at The University of Waikato. Following a background in physical education and teaching he completed a PhD in Sport Pedagogy at The Ohio State University. His initial research examined the meaning of sport to urban youth and the educative role of sport in school settings. Clive's teaching focus is on sport and young people at the undergraduate and graduate level and aspects of instruction in sport and leisure settings. His research interests centre on: sport and youth, youth culture, sport and education, affective influences on learning in physical activity, and exploring the sport experience.

Clive is also interested in the promotion and development of qualitative research as a means of inquiry. His recent research has included the nature and growth of high school sport academies, sideline behaviour at junior sports events, evaluation of the Sportsforce programme and the development of basketball at junior level.

Clive's leisure interests focus on gardening (especially Japanese maples), reading, music, computers and consuming good coffee and wine.

## CONFERENCE VENUE AND LOCATION

The registration desk and industry exhibition will be located on the First Floor, Millennium Hotel, Frankton Road Queenstown.

## FIELD TRIPS (Sunday 22 August)

**Remarkables:** Travel by bus to the Remarkables Ski Field where we will be met by NZSKI COM manager Hamish McCroste. This field trip will focus on customer service and risk management innovations that will be readily transferable to wet or dry facility and programme managers. We will ride the chairlifts to look at the development of the new freestyle terrain park and examine the customer service and risk management issues considered and how these are managed. Mountain clothing is required including suitable footwear. No skiing or riding is involved.

**Recreation Central:** Within 1km of the CBD one can paraglide, bungee, luge, mountain bike, skate, walk, jet boat, ice skate, bowl or play tennis. This walking tour will take in some of the key recreation sites and activities happening in downtown Queenstown. We will visit the recreation ground to look at the integration of skate park facilities, ride the Gondola to look at Skyline's tourism operations and the; walk down through the Ben Lomond Forest taking in wilding pine issues, commercial mountain biking, recreational forest management and the partnership to restore the One Mile Powerhouse. The tour will return via the waterfront and Queenstown Gardens to look at some recent innovations in visitor and maintenance monitoring. Warm clothes and walking boots essential.

## REGISTRATION FEES

All full fees include the following: Conference handbook, satchel, Welcome Function Sunday, Happy Hour Monday, morning and afternoon teas and lunches throughout the conference and the Awards Conference Dinner.
