Committee Passenger Transport Committee  
Author Wayne Hastie Divisional Manager, Public Transport

## Divisional Manager's report

### 1. Purpose

To inform the committee about the activities and progress of the Public Transport Division since the Committee's last meeting.

### 2. Significance of the decision

The matters for decision in this report do not trigger the significance policy of the Council or otherwise trigger section 76(3)(b) of the Local Government Act 2002.

### 3. Managers' reports

The Departmental managers' reports are attached (**Attachment 1**).

### 4. Highlights

Key matters to highlight since the previous report are listed below:

- Officers from greater Wellington and NZ Bus met to debrief the February 2007 bus service disruptions. A copy of the agreed actions is attached to this report (**Attachment 2**). One of the agreed actions will take place on the afternoon of the Committee meeting with a Councillor briefing by NZ Bus.
- In addition to the on-going provision of services, the division is working on the delivery of a range of projects as set out in the attached managers' reports. Staff are fully committed to their work programmes and, as a consequence, are less able to respond to unplanned requests in a timely manner. The Divisional Management team will be reviewing priorities over the next few weeks, and looking at ways to remain responsive while continuing to deliver key outcomes.
