David Smol (CEO, Ministry of Economic Development)

#### **BREAKOUT SESSIONS**

**The shock of now-** How prepared are we for the global economic crisis and what are the opportunities and impacts this might have for us? What strategies will we need to face those impacts?

**The right track** – Are the projects currently underway taking us on the track we want or are there issues facing us that require new projects to be undertaken? What will this mean to the list of projects we already have?
