## Notice of motion - Cr Paul Bruce

Councillor Bruce has given notice of his intention to move the following motion:

- “1. That a full refurbishment program of the Ganz Mavag should not proceed until a decision has been made by the full Council on the N2A high quality public transport feasibility study project scope and context and route choices and those parts of the Corridor Plan/RON network that will be included, including conditions of wider PT network for future years (ie extent of train upgrade, form of bus network).*
- 2. That Council recognizes the risk of pre-empting the N2A high quality public transport feasibility study and creating stranded investments by placing too much emphasis on rail vehicles that will have limited application.”*
