Date 3 October 2012
File E/11/04/04

Committee Social and Cultural Wellbeing Committee
Author Murray Kennedy, General Manager, Development
Nigel Corry, General Manager, Environment
Management

General Managers' report to the Social and Cultural Wellbeing Committee on 24 October 2012

1. Purpose

To inform the Committee of Greater Wellington's activities relating to the Committee's areas of responsibility.

2. The decision-making process and significance

No decision is being sought in this report.

3. Development

3.1 Water Supply

Work on investigating how the water supply system can be developed in an incremental way over the next 30 years or so is nearing completion. At the same time, this work has been integrated with some emergency water supply options. A report on both these aspects will be prepared for the next meeting of the Social and Cultural Wellbeing Committee.

4. Environment Management

4.1 Parks

There was a very successful site visit to the Parangarahu Lakes Area on 12 October. This involved members of the Roopu Tiaki, Greater Wellington councillors and staff, and Port Nicholson Block Settlement Trust members and staff. It was an opportunity for all to establish and strengthen relationships, discuss the management issues on site and be informed of recent developments. The Roopu Tiaki believes that the co-management approach will yield the best possible outcomes for the Lakes Area; this visit certainly helped to build understanding of our different perspectives and priorities.

5. Recommendations

That the Committee:

1. *Receives the report.*
2. *Notes the content of the report.*
