## **Overview of the project and what it involves**

*(Please include planned activities, skills and anticipated materials required)*

-

**How will this project benefit the Wairarapa Moana Wetlands?**

*(For example: filtering soil washing into streams and the Moana through planting activities; sourcing local seeds to protect species diversity of the Moana; monitoring native species or controlling pests to help protect species of the Moana)*

- 

**Who else is involved or supporting this project?**

*(Please note any other funding sources or support such as trainers/professionals involved)*

-

**How will this project raise awareness of the environment in your community?**

*(For example: hosting an event/workshop for wider public participation, sharing stories, social media, outreach to schools or other groups, involvement of tangata whenua)*

- 

**How do you plan to deal with the effects of climate change on your project?**

*(For example: coastal stabilisation by planting dunes, planting/growing trees to help offset carbon emissions, adding protectors for plants, planning for watering in droughts)*

-

**Project timetable and budget**

<b>Time:</b> <i>Your goal timeline: financial years, seasons, months.</i>	<b>Description of activities:</b> <i>Training, planting, checking traplines, weed control, nursery operations, material costs, etc.</i>		<b>Unit cost (GST excl):</b> <i>Ignore if not relevant.</i>	<b>Subtotal (GST excl):</b>

<b>TOTAL for grant application</b>
