Submission Points

The following table lists all of the submission points made by this submitter. The details of each submission point can be edited by clicking the 'edit' link, editing the information and then clicking 'submit'.

If you can't find the provision by typing the number, try typing a word in the body of the provision. For example, typing 'polic' will bring up all provisions that have the word 'policy' in their name.

If you need to void (delete) a submission point, click the 'edit' link and change the 'Status' field to 'Void'. Once the 'submit' button has been clicked, the submission point will be removed from the table and any reports.

Raw uploaded submission points

This table contains raw submission point data that has been uploaded from the Council's online submission form. These submission points need to be transferred into Spoken by adding them as submission points using the 'Add submission point' form below or clicking on 'upload directly'. Once the raw uploaded submission has been added into Spoken, please confirm by selecting 'yes' in the 'uploaded into Spoken' field. Submission points that have not been 'lodged' are able to be edited by the submitter until either they have finalised and lodged their submission or after the submission closing date, so consider not summarising those points early.

S67.1	General comments	General comments - overall	Support	Proposed Regional Policy Statement is retained in its entirety.	<p>The Pareraho Forest Trust is a community organisation in Te Awakairangi that makes tracks and picnic areas, establishes pest control networks and organises events giving local people and groups the opportunity to grow their relationship with nature.</p> <p>The Pareraho Forest Trust supports the proposed changes to the regional policy statement. Collectively, we need to make changes now to shape the future of our towns and cities To ensure goals around improving the health of our streams and oceans, our protection of biodiversity and our transition to low-carbon lifestyles are achieved.</p> <p>In Te Awakairangi this must meaning focusing future housing intensification around our railway lines, and getting that intensification right, including with the provision of quality water infrastructure, community and green spaces, and access to nature.</p> <p>We have seen locally, such as with the Manapouri Grove development in Kelson,</p>	No	upload...

developments enabled which all but lock in car dependence for generations. We must find ways to do better, giving greater statutory weighting to climate change mitigation and adaptation opportunities will contribute to encouraging that.

Please take this general submission as registering our support for all the specific proposed changes.

We applaud GWRC for their progressiveness and far-sight in this regard.
