**STATEMENT OF SUBMISSION BY THE DIRECTOR-GENERAL
OF CONSERVATION / *TUMUAKI AHUREI***

Pursuant to clause 6 of the First Schedule of the Resource Management Act 1991 (RMA), I, Elly Peters, Acting Operations Manager, Kapiti Wellington, acting upon delegation from the Director-General of Conservation, make the following submission:

1. This is a submission on Variation 1 to Proposed Change 1 to the Regional Policy Statement for the Wellington Region.
2. The specific provisions of the Variation that my submission relates to are set out in Attachment 1 to this submission. The decisions sought in this submission are required to ensure that the Regional Policy Statement:
 - a. Recognises and provides for the matters of national importance listed in section 6 of the Act and has particular regard to the other matters in section 7 of the Act.
 - b. Gives effect to the National Policy Statement for Freshwater Management.
 - c. Promotes the sustainable management of natural and physical resources.
 - d. The relief sought is necessary, appropriate and promotes sound resource management practice.
3. I am a submitter and further submitter on Proposed Change 1 to the Regional Policy Statement for the Wellington Region. I supported the inclusion of freshwater visions as set out in Council's submission on Proposed Change 1, but sought review to ensure that the visions are appropriate, and are consistent and integrated with the wider RPS vision framework. The Variation generally addresses those matters.
4. I seek the following decision from the Council:
 - 4.1 That the particular provisions of the proposed Variation that I support, as identified in Attachment 1, are retained.

4.2 Further, alternative or consequential relief to like effect to that sought in 4.1 above.

5. I wish to be heard in support of my submission and if others make a similar submission, I will consider presenting a joint case with them at the hearing.

Elly Peters,
Operations Manager (Acting),
Kapiti Wellington
